

## Co-ordinated Access on Release Group Work Plan 2021-22

Objectives	Actions	Measures of Success / Targets / Milestones	System Outcomes
Priority actions towards transformational change, improved system outcomes and/or enhanced integration			
1. Improve access to services for people on release	Continue to share health information to improve the care provided to prisoners through further implementation of HealthOne into prison health units in Canterbury.	Q1: Corrections staff are utilising and contributing to HealthOne.	<ul style="list-style-type: none"> <li>▪ 'At risk' population identified</li> <li>▪ Increased equity of access</li> <li>▪ Multidisciplinary approach</li> </ul>
	Work with Probation to link prisoners (Paihere) on release with health navigation services, where additional health support is required.	Q1: Utilisation of Partnership Community Workers service from prisoners on release.	
	Explore the potential for screening/health assessments in prisons with a focus on mental health, alcohol and drug and traumatic brain injury.	Q4: Opportunities identified to improve screening/health assessments in prisons. Including: <ul style="list-style-type: none"> <li>▪ Community Services Cards</li> <li>▪ Sexual Health</li> <li>▪ Traumatic Brain Injury Report</li> <li>▪ Use of HealthPathways</li> <li>▪ Process improvements implemented in prisons and shared across the system.</li> </ul>	
	Communicate the free and extended consultations initiative including to prisons, reintegration services and primary care.	Q3: Communications distributed through the agreed channels with the parties involved. Q4: Education sessions provided by Canterbury Initiative.	
	Explore the health issues and needs of remand clients. <ul style="list-style-type: none"> <li>▪ Obtaining numbers of clients on remand for 6-12months and more than 12months.</li> <li>▪ Scoping health needs of those clients on remand for more than 6 months.</li> </ul>	Q2: Data and health need analysed.	
	Use this information to determine whether this cohort can be included in the voucher scheme.	Q4: Decision made on inclusion in the voucher scheme.	
2. Learn from group members about initiatives to improve health outcomes for prisoners on release	Facilitate discussion on improvement of the delivery of health services.	Q4: Information about local initiatives shared to the group twice a year.	

Objectives	Actions	Measures of Success / Targets / Milestones	System Outcomes
Actions towards monitoring progress			
3. Provide sustainable and integrated programmes	Continue to monitor the effectiveness of the free and extended consultations.	Q1-Q4: Provide quarterly reports on: <ul style="list-style-type: none"> <li>▪ Number of patients that access free and extended consultations with General Practices.</li> <li>▪ Number of consultations over time.</li> <li>▪ Number of patients enrolled.</li> <li>▪ Ethnicity, age and gender of patients accessing consultations.</li> <li>▪ Corrections release data.</li> </ul>	
Key metrics to indicate progress delivering work plan actions, impact on health outcomes and/or monitor performance			
Description of metric			Data Source
